SKILLS

- **Languages**: C++, JavaScript, Python, Java
- **Frameworks**: HTML and CSS
- **Tools/Platforms**: MySQL, MongoDB, Power BI, IBM Cognos,
- **Soft Skills**: Problem-Solving, Team Player, Communication, Leadership, Adaptability

PROJECTS

- **Number Guessing Game** October 2023- November 2023
  - Developed a simple interactive number-guessing game where the system generates a random number and the user guesses it based on hints. Strengthened logical thinking and familiarity with python basics.
    Tools & Technologies: Python, Random module, VS Code
- **Social Media Analytics Dashboard** April 2024- May 2024
  - Designed a Power BI dashboard to analyze engagement and usage patterns of social media platform like YouTube and WhatsApp. Included interactive charts, filters, and performance insights.
    Tools & Technologies: Power BI Desktop, Power Query, Excel/CSV Data
- **CPU Scheduling Simulator** February 2025 – March 2025
  - Created a simulator to demonstrate OS scheduling algorithms like FCFS, SJF, Priority, and Round Robin. The project visualized turnaround time and waiting time to compare algorithm performance.
    Tools & Technologies: C++ , OS scheduling algorithms, Data structures, VS Code
- **BinWise – Smart Waste Routing Website** June 2025- July 2025
  - Built a web-based prototype for a smart waste management system for the Jalandhar region. The system detects full trash bins and suggests the shortest route for collection trucks to improve efficiency.
    Tools & Technologies: HTML, CSS, JavaScript, Basic routing logic, VS Code, GitHub
- **Interior Designing Website** November 2025 - Present
  - Currently developing a live website for an interior-designing startup, featuring service details, portfolio, and user-friendly navigation. This project will be deployed for real-world use.
    Tools & Technologies: HTML, CSS, JavaScript, React, Figma, VS Code, GitHub

TRAINING

Logic Building, Programming & Data Structure: June 2025 - July 2025

About: Completed a summer training program on Logic Building, C++ Programming, and Data Structures & Algorithms, focused on improving problem-solving and coding efficiency.

Learnings:

- Improved problem-solving and logic-building skills
- Gained hands-on experience in C++ programming
- Learned core DSA concepts like arrays, recursion, linked lists, stacks, queues, and sorting

CERTIFICATES

- Hackathon "BYTEBASH" October 2023
- Java Programming – Neocolab January 2025 - May 2025
- Data Structure & Algorithms - Neocolab August 2024 – December 2024
- RDBMS – IBM March 2025
- Introduction to Python – IBM March 2025
- Master Generative AI & Generative AI tools(ChatGPT & more) – Infosys August 2025
- Build Generative AI Apps & Solution with No-Code Tool – Infosys August 2025

ACHIEVEMENTS

- **Represented CSE Department at Spectra (Inter-School Competition):**
  Performed two group dances and secured 1st Prize for the group performance, leading the CSE department to win 1st Prize overall among 20+ departments.
- **One India Cultural Fest – Mizoram Representation:**
  Participated in the One India event and ranked 2nd among 20+ departments
- **One India Cultural Fest – Madhya Pradesh Representation:**
  Represented my home state, Madhya Pradesh, and again won the 2nd Prize
- **Night Marathon & EDM Event – Event Head (Club20):**
  Led the Club20 team to organize a Night Marathon and EDM event with 1000+ participants, including national-level athletes
- **Social Media Head – Club20 (Student Organization):**
  Led a 15-member media team and managed digital activities for a club of 60+ members

- **College EDM Night:**

  Organized an EDM Night featuring Elyzium and managed a 500+ audience event smoothly

EDUCATION

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering — *Since August 2023*
  Specialization in Big Data Analytics; ***CGPA: 7.70***

- **Satya Prakash Public School** — Polipathar, Jabalpur MP
  Intermediate; ***Percentage: 79%*** — *April 2022 - March 2023*

- **St. Aloysius Sr. Sec. School** — Polipathar, Jabalpur MP
  Matriculation; ***Percentage: 94.6%*** — *April 2020 - March 2021*
